

**QUICK-JAW® ONE HANDED BAR CLAMP & SPREADER**

- Exclusive Reverse Gear Mechanism permits real one-handed control while loosening and re-tightening jaws
- Reverse lever allows user to loosen the jaws in small increments; ideal when re-adjusting the work piece
- Clamp arm can be quickly reversed for use as a spreader by simply pressing the release button and then repositioning it on opposite end of the bar
- German-engineering provides up to 25% greater clamping force
- Professional woodworking design allows clamp to operate with bar extended away from work for minimal clamping interference
- Ergonomic handles provide maximum comfort
- Full-depth cushioned pads provide protection against marring of work surfaces
- The pads V-groove design also allows the user to firmly clamp round materials, such as doweling, pipe or tubing

- 3456 6" Quick-Jaw® Mini Bar Clamp, 6-1/2"-12" Spreading Capacity
- 3457 12" Quick-Jaw® Mini Bar Clamp, 6-1/2"-18-1/2" Spreading Capacity
- 3447 6" Quick-Jaw® Bar Clamp, 8"-14" Spreading Capacity
- 3448 12" Quick-Jaw® Bar Clamp, 8"-20" Spreading Capacity
- 3450 24" Quick-Jaw® Bar Clamp, 8"-32" Spreading Capacity
- 3451 36" Quick-Jaw® Bar Clamp, 8"-44" Spreading Capacity

**3455 4-3/8" QUICK-JAW® MICRO BAR CLAMP & SPREADER**

- Compact design adds greater versatility for hobby/craft or delicate projects
- Can be quickly and easily converted to a spreader
- 4" to 8" spreading capacity
- Variable clamping pressure

**QUICK-JAW® 1" & 2" SPRING CLAMPS**

- Reinforced jaw-tips pivot for secure, even gripping without work surface damage
- Rust resistant light-weight resin construction
- Cushioned handles provide comfortable and non-slip grip
- Powerful clamping action for all your wood working or special needs

- 3436 2" Quick-Jaw® Spring Clamp
- 3437 1" Quick-Jaw® Spring Clamp
- 3572 2 Pc. Set 2" Quick-Jaw® Spring Clamps
- 3573 2 Pc. Set 1" Quick-Jaw® Spring Clamps

**QUICK-JAW® 3/4" & 1/2" SPRING CLAMPS**

- Unique pivoting jaw-ends provide secure, even gripping without work surface damage
- Rust resistant light-weight resin construction
- Ideal for hobby and craft applications

- 3433 3/4" Quick-Jaw® Micro Spring Clamp
- 3414 3/4" Quick-Jaw® Neon Micro Spring Clamp
- 3425 1/2" Baby Neon Spring Clamp
- 3432 4 Pc. Clamp Set 3/4" Micro Spring Clamps
- 3571 4 Pc. Clamp Set 3/4" Neon Micro Spring Clamps
- 3420 6 Pc. Clamp Set 1/2" Baby Neon Spring Clamps

**QUICK-JAW® NEEDLE NOSE SPRING CLAMPS**

- Precision clamp combines the benefit of extended reach pliers with the action of a spring clamp
- The ideal clamping device for hard to reach or delicate projects and woodworking applications
- Padded tips guard against any surface marring or workpiece damage

- 3633 2-1/2" Quick-Jaw® Needlenose Spring Clamp
- 3431 Quick-Jaw® Micro Needle Nose Spring Clamp
- 3454 6 Pc. Hobby Clamping Set

ACCUGRIP™ MECHANISM FINE TUNES THE CLAMPING PRESSURE

**ACCUGRIP™ CLAMPS**

- Clamp design provides variable clamping force that prevents workpiece damage
  - Incremental clamping pressure allows the user to control the amount of force applied to a workpiece
  - Clamping pressure releases easily and gently with a simple push of a button
  - 5/8" x 7/8" jaw heads pivot for secure, even gripping without work surface damage
  - Ideal for light duty hobby applications
- 3440 2 Each: ACCUGRIP™ & Needle Nose Clamps
  - 3453 ACCUGRIP™ Clamp
  - 3581 4 Pc. ACCUGRIP™ Clamp Set
