

**3415 QUICK-JAW® 90° ANGLE CLAMP**

- Designed for 45° & 90° clamping
- All metal construction with a quick release mechanism
- Includes steel jaw pads to help protect workpiece from damage
- 3" jaw width, 1" jaw heights and 2-1/2" opening

**QUICK-JAW® POWER CAM™ CLAMP**

- Durable cam-style teeth provide incremental and consistent clamping pressure
- Ergonomic handle provides a maximum amount of clamping force in one swift movement
- 4" clamping throat depth allows user to accommodate a variety of work pieces
- The pads' V-groove design allows the user to firmly clamp round materials, such as doweling, pipe or tubing
- Lightweight design makes the tool useful in multi-angled clamping applications
- Simple, trigger-style release requires only a minimal amount of effort to disengage from work piece
- Added release button on lower jaw ensures a smooth release every time

3460 6" QUICK-JAW® POWER CAM™ Clamp

3461 12" QUICK-JAW® POWER CAM™ Clamp

**3416 QUICK-ADJUST BAND CLAMP WITH REMOVABLE JAWS**

- For use when clamping square, rectangular and irregular work pieces like picture frames and drawers
- Allows for positive even pressure at all joints
- Durable 1" x 13" nylon belt
- Three removable plastic jaws for clamping irregular workpieces
- Metal & plastic frame has hand thread screw for smooth and easy micro-adjusting
- Levers on frame provide quick release of nylon belt after clamping
